FIG. 6

A high-contrast, black and white photograph of a person riding a horse, silhouetted against a bright, circular light source, possibly the sun or moon, in a dark, textured landscape. The rider and horse are positioned in the center-right of the frame, facing left. The light source is a large, bright, circular glow that dominates the right side of the image, creating a strong silhouette effect. The background is a dark, grainy, and textured surface, possibly a field or a wall, with a bright, curved line of light or dust trailing from the bottom left towards the center. The overall mood is dramatic and mysterious.
